To Save Sons—

Formation of a San Mateo United States of America was effected last week when a dozen women, mothers of sons of fighting age, met in San Mateo and elected as president, Mrs. Emily R. Leonard of Redwood City, wife of County Agricultural Commissioner Max J. Leonard. She is the mother of four boys over 18 years of age.

Purpose of the group is to keep the United States out of war. All mothers in the county who have sons of war age are invited to join.

Ham and Eggs "No"—

While Redwood City councilmen declined last week to take official action on the Ham and Eggs election proposal, San Mateo's city council adopted a resolution "condemning" the 30-Thursdays pension scheme.

Land Sale—

In the first public sale of tax delinquent property since the depression-imposed moratorium, County Tax Collector Ambrose McSweeney last week disposed of 64 parcels for \$2,002.60 plus costs of advertising.

"The bidding was brisk from the start," McSweeney reported, "showing desirability in San Mateo county land. As an example—a lot in Daly City on which we had a minimum offer of \$10 was sold for \$190."

Designate Knowles Of Major Importance

Of genuine importance to Daly City's commercial life was Engineer Julius F. Castelan's proposal to the council Monday evening to designate Knowles avenue a street of major importance.

"We hope this street will eventually become an artery between our business centers and the new \$4,000,000 junior college to be built near Lake Merced," announced the engineer.

A fast through street in this section may in the future also contribute to the success of Mayor Paul G. Selmi's proposed bus system, it was pointed out.

Judge W. H. Clay Metes Out \$500 Fine To Violator

A five hundred dollar fine was the penalty imposed Friday by Judge Wade H. Clay on Alex Berman, charged with installation and ownership of a slot machine in violation of state gambling laws. Pasquale Ramacciotti, proprietor of the store on Hillside boulevard from which the machine was taken, was fined \$100.

Other offenders brought before the court included Charles A. Provost, fined \$10 for intoxication, and Henry Edward Shields, fined \$10 on a similar charge.

Traffic offenders included Harold F. Blum, Oakland, fined \$1 for going through a signal; William Dominick De Giovanni, Redwood City, \$1, improper parking; LeRoy Vincent Herbert, Pasadena, \$7.50, speeding; Gino Olivotti, Napa, \$1, going through signal; Chan C. Break Ground Nov. 1

This vast Lakeside area, immediately adjacent to Daly City, is rapidly developing into a college city. Official ground breaking ceremonies for the San Francisco State college are to be held next Wednesday.

Work on the athletic field will be done first. Then construction of 15 buildings, to cost approximately four million dollars, will be commenced.

The new location of the state college at the very doorstep of Daly City is of extreme importance to the civic and commercial life of this community.

Fire Department Brings Two Fires Under Control

Daly City had two fires last week, both on Tuesday evening and both brought quickly under control by the Daly City fire department.

The first fire occurred at 7 p. m. when an alarm sounded from Box 16. Upon arrival of the fire and police departments, time was lost in finding the fire, located on Wilson street, since no one was found near the box. Fire Chief Andrew P. Chesney pointed out today that persons turning in an alarm should stay near the alarm box until the fire companies arrive in order to save time and confusion.

Two chemical lines and a 1½ inch line had just controlled the first blaze, when an alarm sounded from Box 51. Chief Chesney ordered three companies to proceed to the scene, leaving one company at the first fire. The two reserve companies also responded to the second fire, which proved to be caused by an over-heated oil furnace on Frankfort street.

Operations of the fire department were seriously hampered by private machines blocking the street, which is narrow and unpaved.

Chief Chesney, in discussing the occurrence, reminded citizens that anyone interfering with the work of the fire department at the time of a fire is guilty of a misdemeanor, liable to a fine not exceeding \$100 or imprisonment in the city jail not exceeding 30 days.

Four Hour Meet

Eight p. m. and it was scheduled to start—so your humble scribe squirmed into a comfortable position and waited. 8:25 p. m.—The principals strolled in and mutters indicated they were getting under way.

"I sent him a notice, but no response . . . " "Is the man here?" (Silence) Through a nearly closed eyelid my watch said 9:45—(off to sleep again.)

"That's bad . . . it won't stay there . . . you got to sweep it on . . . and don't be stingy!" disturbed me again at 10:35. It must be about over (we hope) and home to bed soon. (More talk—more—on into the night, and sleep came again.)

"Bacon and Eggs! Buttered toast! COFFEE and all the trimmings! Seconds too for only 35 cents."

"Sounds pretty cheap to me."

"Real bacon and eggs, I say, Ham 'n' . . . "

Boy, I was awake with a start thinking it was a good argument on Proposition No. 1. Little satisfaction to find that it was 11:45

City Tax Bills To Be Mailed Soon

It's almost time to pay taxes again, according to City Clerk B. C. Ross, who announced today that the annual city tax bills would be mailed this week, becoming payable next Wednesday, November 1.

Taxes may be paid in two installments. The first becomes delinquent December 5; the second on April 20.

It is desirable to take care of taxes promptly, Ross said, to avoid the penalties which accrue on over-due bills.

Daly City Throngs To Treasure Isle For Day At Fair

Daly City, presenting a wide variety of entertainment as well as an army of 2000 visitors, stole the show at the Golden Gate International Exposition on Daly City Day, Sunday.

Standing room only, and not too much of that, prevailed in the vast ballroom of the California State building when the Jefferson Union high school chorus of 80 voices and the Indians of Rhythm swing band performed. Not only was the ballroom floor packed with spectators, but the gallery was also crowded—a high compliment to the high school music groups.

With the Daly City band whooping it up in the court yard of the Mission Trails building, Mayor Paul G. Selmi was designated mayor for the day of Treasure Island. Many other local officials were introduced. Representing the California Commission for the Exposition were Commissioners Christopher Merchant and J. C. Berendsen, while Mayor O. F. J. Keatinge spoke for the exposition company.

A picnic luncheon in the Shasta-Cascade court wound up the morning's activities. Visits to various attractions topped off with a grand ball brought the Daly City activities to a breathless close late in the evening.

H. G. King, chairman, and his committee, handled details of Daly City's day at the Exposition.

Pottery Classes To Begin Friday

Sponsored by the WPA Recreation department, classes in pottery will begin Friday at Jefferson Union high school. Miss Jehan Dorn, former instructor for the San Francisco Art project, will be in charge.

Classes will include wheel work, art work and firing. There is no charge, and the public is cordially invited to enroll. Register on Page 2

S.F. State College Is Reality

One of the most important days in the history of San Francisco State college will be next Wednesday. On that date the official ground breaking ceremonies will be held on the new campus near Lake Merced. Dr. Alexander C. Roberts, president, announced today. The event will start at 2 p. m.

Governor Culbert Olsen has been invited to dig the first shovel of earth. He heads a list of state officials who worked hard to obtain the 57-acre site for the college. Others who will be honored are Senator John Shelley; Dr. Walter Dexter, state director of education; J. A. Burkman, state colleges advisor, and the nine San Francisco assemblymen.

San Francisco city officials who are expected to participate in the celebration include Mayor Angelo Rossi, Chamber of Commerce officers, members of the Board of Education, and supervisors.

Site Discovered

This date is exactly 170 years since Lake Merced was discovered by the Spanish explorer, Ortega, and a pageant has been planned in connection with the ceremony. Students of the college will present a skit depicting this historical event.

Because of the significance in educational circles, county superintendents of the bay area have been invited to attend, as well as city superintendents.

As soon as the ground breaking ceremony is finished, work on the \$4,000,000 project will commence. The plans for the buildings are nearly completed, and as soon as the ground is leveled construction will start. Present plans call for the college to move to its new site in 18 months.

Drama Group Draws Applause For Three Plays

Playing to an audience of seven hundred people, the Community Players under the direction of Marie Burton, and sponsored by WPA, presented three plays and six variety acts at Jefferson Union high school auditorium, Friday.

Outstanding in interpreting their roles were Mrs. R. T. Krogh, Dorothy Selmi, Frances Poket, Alfred Bulf and Carl Sirvain. Jean Sirvain, the youngest of the cast, made a delightful sweetheart.

Frances Poket proved her ability as an acrobatic dancer, and Albert Marcucci, with a pleasant baritone voice, registered perfectly over the microphone. Other featured players and specialty numbers were equally entertaining.

The Jefferson Union high school orchestra, under the direction of Oscar J. Busch, gave a splendid performance. Their rendition of Schubert's "March Militaire" was particularly well done, and Wadell's "Fire Maid of Perth" was played with feeling and spirit.

DALY CITY ALL SET FOR FIELD DAY

Rod And Gun Club Sponsors Annual Sporting Event

With local sportsmen measuring their chances and enthusiastic fans already betting on the outcome, Daly City prepares this week for the big Field Day at Jefferson Union high school Sunday.

Sponsored by the Daly City Rod and Gun club, the annual sporting event will include an all-day program, and decided important issues.

Six local members of the Daly City club will compete in the surf casting event against the crack surf casters of the S. F. Rod and Gun club. This is the final leg of this event and the trophy is at stake. The Daly City boys are 3000 feet in the lead over San Francisco.

The local team includes Louis Bianchini, who won one first and two second places in the Spring meet of the Pacific Association of Casting clubs, for accuracy in "down the lane" events; brothers Roy and Frank Basich, who own numerous trophies and cast an average distance of three hundred and twenty-five feet; Cliff Curry, George Wheeler and James McGuire. The casting event starts at 10 a. m.

A softball game between the Daly City and San Francisco Rod and Gun clubs is scheduled for 1 p. m. This game is the first of a series for the softball trophy, which the San Francisco club now holds.

Both the casting and softball trophies are perpetual trophies, donated by the Northern California Bait Dealers' association.

Refreshments will be served in the club house after the game, and the public is invited. There is no admission charge.

S. F. Gridders Vs. Jr. College

Playing San Francisco jaysee this Saturday on the San Mateo high school field, San Mateo junior college gridders will be opening their home season against the team that bars San Mateo, at present, from first place in conference standing. The winner of the game is almost sure to go on and take the title. The game will start at 2:15 p. m.

San Mateo opened its conference drive by defeating the Modesto jaysee eleven, 20-7, at Modesto before 4,500 spectators. The thrilling tilt was all San Mateo's in score and yardage figures though Modesto boasted its usual heavy and experienced squad.

The Carnegie Endowment for International Peace says that the rainbow peace flag was designed by Isabel Anna Beecher-Albert in 1915. It was copyrighted in the United States in 1916 and internationally copyrighted in 1917.

Jefferson Loses Basketball Games

Jefferson basketball squads lost both games to Palo Alto, Friday, in the Jefferson gym. The 110's were beaten 24-16; the 120's 30-16.

Rosari, captain of the 110 squad, played an excellent game but will retire for the season because of an infection.

Keilwasser, Jeff's forward on the 120 team, has suddenly become a dark horse and a player whom it is a pleasure to watch.

Jefferson's next game is with San Jose, Friday. Of the remaining games two are to be played at the Jefferson gym, one with San Mateo, November 3, and the other with S. S. F., November 17. Both the 110 and 120 squads play during the evening, at 7:30 and 8:30 p. m. Admission is free.

Colma Merchants Win Fourth Game

Colma Merchants won their fourth consecutive game and kept their place at the top of the "B" League, when they beat Romero Fish, 10-0, on the Jefferson diamond, Sunday afternoon.

Preston, Colma's nineteen-year-old pitcher, allowed only three hits; walked but one man in the entire game; struck out seven; had six assists; and then to prove he was at home on the business end of a bat, got two hits and two runs.

Kalar and Sarlatte umpired and Ray Thompson announced over the PA system. Line-up of the Colma Merchants follows:

Rev. John McGoey was at first pleased, then puzzled, at winning a raffle prize in Penetanquishene, Canada. The prize was a coupon for a free permanent wave.

D. C. Merchants At Top of League

Daly City Merchants won their fourth consecutive game and kept their place at the top of the "A" League when they beat S. F. Flower Growers 11-3 on the Jefferson diamond, Sunday morning.

Butler, Daly City's center fielder, started things off in the first inning when he knocked a homer with a man on base. Krohn hit a homer in the sixth with two men on, and Madrid homed in the same inning.

Passed unanimously was a resolution designating Knowles avenue from Mission street to Junipero Serra boulevard a street of major importance. The long debated gas ordinance was passed by a unanimous vote.

The city engineer was authorized to prepare plans and specifications for a new dog pound to be located near reservoir No. 3, and \$650 was appropriated to bring the city busses out from Detroit.

Jefferson Pigskin Takes Touncing

Jefferson lost their second PAL game when San Jose high school took them to task with a 25-0 score. San Jose has a slightly heavier team, but it San Jose's efficiency at end runs and passes that outclassed the Jeffs. Jefferson's defense against end runs and aerial plays was completely inadequate.

Ferrando, hitherto unnoticed, is improving rapidly and is becoming a definite threat at right half. Giusti, as usual, played a good game and his punting is something to talk about.

Jefferson will play San Mateo high school on the Jefferson field, Friday. The kick-off is at 3:30 p. m.

Play Ice Polo Now at Winterland

Newest fun sensation on the huge ice rink at Winterland, where the Ice Follies delighted almost half a million people earlier this year, is Ice Polo.

The game is played every Monday evening by two teams of six skaters each. Different from hockey, the "puck" is a rubber ball and the sticks are brooms covered with colored cloth. Goal posts are set at each end of the big rink.

Last Monday night's ice polo game, played at Winterland to the accompaniment of riotous applause, was won by Ned Glendenning's team with a score of one to nothing. Beldon Gardner was captain of the losing team.

Profile for '40—or '50

Here is a three-quarter view of a 1940 stunner—the Studebaker Champion, which was designed by Raymond Loewy. This dynamic six, introduced last spring, has made sensational sales records, also in the summer of 1939 proved itself the economy and endurance champion of the low-priced field. Displayed at local Studebaker showrooms, William J. Sweeney, 6806 Mission street.

Johnny Dell Marks Twenty-fifth Year

Johnny Dell, local band leader, marked his twenty-fifth year as a musician when he led the ten-piece band for the Daly City grand ball on Treasure Island, Sunday night. Dell played at the Pan-American Exposition in 1915, making a hit with his accordion-playing even at that early date.

Jitterbugs by the hundreds Sunday deserted the "big-name free dance" at the Music Hall and tramped to California hall to dance to Dell's music. Chairman H. G. King reported the sale of more than 500 ribbons at the door. Waltzes, old-time favorites and the latest popular pieces kept the crowd of 1200 dancers well pleased, the variety of music appealing to all groups.

Bank Reveals Business Gains

Many lines of business in California and the Far West experienced an upsurge in September, according to Carl E. Newman, manager of the local branch of Bank of America.

Quoting the current Business Review prepared by the bank's analysis and research department, the local banker revealed that the far western Business Index rose 3.7 per cent over August and 6.1 per cent over September, 1938.

COMMUNITY CENTER

Nearly 500 persons paraded in marching units Sunday, Daly City Day at the Fair. This grand spectacle again pointed out the important role organizational activities play in Daly City's social and civic life.

Community leaders have often proposed the establishment of a community center in which all organizational groups could be accommodated. Until recently proposals for a community center have been set aside in favor of more imperative needs—a new city hall, library, parks, schools, recreational programs.

The Record believes that now is the time to get a campaign under way for a community center.

PRIVILEGE AND DUTY

Underlying every civic privilege is civic duty. America's great and fine system of democratic government offers highly cherished privileges to every citizen. The courage and blood of patriots have been stepping stones to the liberty and justice enjoyed by Americans today.

To maintain our achieved freedom, serious duties are the responsibility of every citizen. Chief of these duties is participation in public elections. Don't fail your duty. Study the propositions on November 7 ballot.

Tax Free! Debt Free!

CALIFORNIA How and Now!

By Charles J. Husband

(This article is a continuation of the discussion begun in the October 4 "Record" by Mr. Husband.)

Let us recapitulate for a moment. We started with a gross income of 30 billion dollars a year and a tax charge of 900 million dollars; thus far in the analysis, we are able to envision a gross business of 60 billion dollars per year and a tax charge of only 450 million dollars. In other words, we have doubled the income and cut the tax burden in half. This result has not been and cannot logically be disputed by any opponent of the Act by presentation of either logic or factual analysis.

However, the statement I made in the beginning of this talk is only half proven. It is now necessary to determine what proportion of this new total of business will be performed with warrants and what proportion with our present money credit method. Because of the fact that California has a trade balance in its favor, we will always receive a great many of our payments in United States Money from out of the state sales.

Our Federal payroll in California will continue to be received in United States money. Our revenue from the tourists' trade in California, which is a very considerable item, we will continue to receive in United States money. The issuance of the new medium of exchange, Retirement Warrants, will not be sufficient to handle more than 50 per cent of our total transactions. Thus, it can be seen that about 50 per cent of our new volume of business will be performed with our present medium of exchange and the other 50 per cent with warrants.

Now you can see why I suggested we keep separate in our minds the 30 billion dollars of present business and the 30 billion dollars of new business. Fifty percent of our total business, being performed in warrants, is equal to the 30 billions of present business per year, and thereby will be non-taxable so far as the present retail sales tax is concerned and also so far as the new 3 per cent gross income tax provided in the Act. From this it is apparent that this new 3 per cent gross income tax adds no burden to the present volume of business. This leaves the new 30 billion dollars of business, performed in cash, as the basis for the new 3 per cent gross income tax, but before we can determine the amount of revenue this will produce, we must eliminate the exemptions provided.

High Tax Exemption

First, we have an exemption of all incomes of three thousand dollars per year, or less. In estimating the amount involved in this exemption, we assume a figure of three billions of dollars, which is extremely high, but to be conservative, we adopt this large figure. We have then a balance of 27 billions of dollars available for taxation but we have another large exemption. The Act provides that interstate transactions shall be free from this 3 per cent gross income tax.

This provision is to prevent the raising of a tariff wall or barrier which might interfere with the

"Thirty-Thurs." Plan Analyzed

By John M. Peirce,
Tax Counselor,
California Taxpayers' Assn.

(This is the fourth installment of the article against "Ham and Eggs" by Mr. Peirce.)

8. Warrants Would Drive Real Money out of Circulation

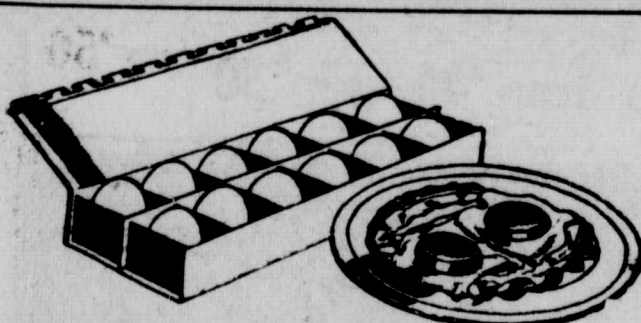

On the assumption that these warrants would find their way into the channels of trade as contemplated by the plan, California would have two competing currencies—real money and stamp scrip. Because of the stamp-affixing provision of the plan, the holders of the warrants would be encouraged to convert this "hot money" into goods as rapidly as received. This would result in a condition similar to that where gold currency competes with printing-press money. Under Gresham's well known economic law, which is to the effect that bad money tends to drive good money out of circulation, the warrants, like printing-press money, would tend to drive real money out of circulation. They would tend to depress prices in terms of real money and to inflate prices in terms of warrants. Money needed for interstate commerce, insurance premiums, debt payments, etc., would be hard to get while warrants would be hard to dispose of. As the result, prices in terms of warrants would skyrocket upward as scrip deluged the channels of trade. In fact, a situation could exist similar to the inflation and ultimate repudiation of German marks some fifteen years ago, which ended in Germany's financial collapse. This possibility, however, would depend on whether or not merchants accepted the warrants voluntarily on a large scale.

9. Past Experiments in Large Scale Use of Stamp Scrip Have Failed

The success of this pension plan is contingent upon the successful application of the stamp currency idea. Several small American cities tried the scrip plan experimentally during the depression as a means of relieving unemployment and stimulating business, but the amount of scrip issued was usually limited to a few hundred dollars and as a result had no effect on the prevailing currency. The most notable instance where stamp currency was put to large scale use was in the province of Alberta, Canada, in 1936. The government planned to issue \$2,000,000 in scrip but printed only \$500,000 worth, all in one-dollar bills. Of that total, only \$239,000 was placed in circulation, and in a few months the plan collapsed. Some 19,000 of these warrants are still outstanding, most of them in the hands of souvenir collectors.

10. Use of Warrants for Taxes Could Paralyze Government Finances and Destroy Public Credit

This proposed constitutional amendment requires that the state, counties, cities, school districts, and other governmental subdivisions and agencies accept warrants at face value in payment of taxes, fees, and other obligations due the public treasuries. It is probable that the warrants would not be readily acceptable in the channels of trade and that pensioners would sell them at a discount to taxpayers for taxpaying purposes. They would then glut public treasuries because of their forced acceptability in payment of governmental imposts. Without ready money, govern-

Colma Fair Saturday Night

Music, dancing, plays, a bazaar and games will all contribute to the grand entertainment to be given Saturday evening at Colombo hall, Colma, for the benefit of Holy Angels' church. The fun starts at 8 p. m.

The annual affair is sponsored by the parish, assisted by business and civic leaders in Colma. Funds will be used to liquidate the debt on the church, according to the pastor, Reverend James Sorasio.

The evening will swing off to an interesting start with the presentation of two one-act plays under the direction of Mary Belli. Special numbers include songs by Miss Josephine Puricelli, a n d musical selections on the accordion.

A number of gifts will be distributed by auctions, the wheel of fortune or by social games, to winners in the crowd. Refreshments will be served by the committees. A modern orchestra will play lively music for dancing during intervals of the fair.

Climaxing the party, a large cash prize, a woolen blanket and a grocery basket will be awarded lucky fair patrons.

Father Sorasio extends a cordial invitation to the general public to attend what promises to be one of the biggest social events of the year.

Funeral Services For Martin Scotwick

Funeral services for Ole Martin Scotwick, 972 Hanover street, were conducted Saturday from the funeral chapel of W. C. Lasswell and company. Scotwick died at his home on Thursday.

A native of Norway, Scotwick was 50 years of age, a resident of this country for the last 34 years, and of Daly City for the last 12 years. He was a seaman by trade.

Surviving relatives include his mother, Mrs. Martin Scotwick, Daly City; a sister, Mrs. Magda Lillefeld and a brother, Peter Scotwick of Norway.

Interment was in Olivet Memorial park.

Church Whist Held Successful Benefit

Describing it as an eminently successful benefit, the committee in charge of last week's whist for Our Lady of Perpetual Help church today thanked those whose efforts contributed to the affair.

An unusually large crowd attended the event, held Friday at Masonic hall. Chairmen of the whist this month were Madame Victorine Lombard and Mrs. Elsie Thompson.

First Birthday Party For Donald Weckerle

Donald Charles Weckerle celebrated his first birthday at a party given for him by his mother, Mrs. M. J. Weckerle, 116 Woodrow street, Friday.

Guests included Peggy and Mildred Zugar, Darlene and Carol Ann Maita, Donna Jean Donnelly, Gloria Corasa, Patricia Goodwin, Joan Gingery, Joyce Moss, Donald Hunter, Michael Heath and Gary Priolo.

mental agencies would be unable to pay their employees, buy food for the inmates of public institutions, take care of the dependent poor, meet interest and redemption charges on the public debt, and take care of their many obligations. The paralysis of the fiscal operations of government would in turn reflect itself in the business life of the entire state and cause much general suffering among the people.

(Next week, in the November 1 Record, Mr. Peirce will continue his analysis of the "Ham and Eggs" proposal.)

Point Out Dangers In 30-Thurs. Plan

Pointing out that passage of the proposed Life Retirement plan would prove a major catastrophe to California schools and homes by plunging the state into financial chaos, Mrs. J. J. Garland, second state vice-president, CCPT, addressed the joint meeting of Fathers Forum, Crocker PTA and General Pershing PTA Friday. Several members from Woodrow Wilson PTA attended the meeting.

Plans for a magazine luncheon to be held at noon today, at 35 Woodrow street, were completed at the regular meeting of Woodrow Wilson PTA last Tuesday afternoon. Following the luncheon, there will be an afternoon of cards. Admission prices are nominal, and the general public is cordially invited to attend. Mrs. Marian Stegeman will be the chairman.

Mrs. Emma Sorg, Mrs. Martha Linden and Mrs. Julia Petersen attended the Seventeenth district meeting in Burlingame, Friday, as delegates of the unit.

Woodrow Wilson PTA will hold its regular monthly whist party at 8:30 p. m., November 9, at 176 Los Banos avenue. Mrs. Fannie Kanter will be chairman. Prizes will be awarded; the public is invited.

Mrs. Emma Sorg and her committee expressed their thanks to those who helped make the thrift sale recently given by the unit so successful.

With delicious home-cooked foods on sale, the unit will hold a food sale, November 4, from 10 a. m. to 1 p. m., at Milo's Market. Mrs. Catherine Foreman will be chairman.

trade of our state with other states and countries. Approximately 30 per cent of our business is interstate trade; therefore, 9 billion dollars more is exempted from this 3 per cent gross income tax, leaving for this new tax, again to be conservative, 18 billions of dollars. I base this analysis upon a taxable amount of 17 billions which at 3 per cent will produce a new income available for government purposes of 510 millions of dollars per year.

Fourth Installment

History of Daly City Fire Department

(Editor's Note: This the fourth installment of the history of the Daly City Fire Department, published in the month of October, of this same year, six additional plugs were installed within the districts. These plugs were all put in by the volunteer members of the Daly City Fire Department, because the City itself could not stand the expense of paying labor to do the job. So it happened that the chief contribution to the town from the Fire Department in the latter part of 1911 consisted of the installation of plugs for fire protection purposes all over various sections of Daly City.

The minutes of February 28, 1912, tell of the installation of an additional fire bell at Mission Street at the top of the hill to complete the fire alarm system they had at that time. Also, during the month of March, efforts were being made to secure Spring Valley Water for Daly City. Spring Valley then was the water

supply for the City of San Francisco.

June, 1912, saw a committee of A. Johnson, F. Hansen and Dr. Castle from the Civic Betterment League calling on the Daly City Fire Department to secure its aid in having an electric light system put into the town. This project the Fire Department endorsed one hundred per cent and pledged their whole-hearted support toward its realization.

The months of 1912, as of previous months in these newly organized fire companies, were spent mostly in drilling and perfecting the method of fire fighting with what limited equipment they had at their disposal, raising funds to buy new equipment, enjoying social entertainments (for the Fire Companies still took the lead in the social activities of the new town), and advancing the town in every way possible.

Routine business continued throughout the year, and the election of the 1912 officers for Company Number 2 found Peter Keller, Captain; James Callan, Lieutenant; W. J. C. Goldkuhl, Fire Marshal; and H. H. Smith, Treasurer.

January 22, 1913, on a recommendation drawn up by Company Number 2 of the Daly City Fire

Department, a letter was sent to the Board of Supervisors asking that a state highway be put through Daly City. Also during this month, talk was being circulated among citizens on the formation of a Municipal Water system in the town.

Interspersed throughout the records from which this history was drawn are numerous accounts of acts of courage and friendliness which characterized the men of the Fire Companies. A typical caes of "help thy neighbor" spirit in these early periods is written into the minutes of the Daly City Fire Department as follows: "Motion made and carried to give benefit dance for the Doe family, as Mr. Doe has been injured and is unable to support family." The fire department of these years not only served as a public protector but as a help to others in all their needs.

(This history will be continued in the Daly City Record next week, November 1.)

THE HAM and EGGS DICTATORS!

What Do You Know About Them?

Nearly every intelligent voter, who reads before he votes, knows by this time that extravagant pension provisions of the Ham and Eggs scheme are just bait for the trap. The gold brick promise of 30-Every-Thursdays is simply the come-on, designed to camouflage the fact that this Communist-backed program would give its promoters absolute power as DICTATORS OF CALIFORNIA!

What Are the Records of These Would-Be Dictators?

HERE ARE THEIR RECORDS:

Willis Allen, director of the Ham and Eggs movement, was convicted in Federal Court in 1937 of misuse of the mails for fraudulent misrepresentation in a hair- tonic promotion scheme.

His brother, Lawrence Allen, co-director of Ham and Eggs, was on the front pages just a year ago on asserted forgery charges.

DO YOU WANT "THE ALLEN BOYS" AND THEIR TRIBE AS DICTATORS OF CALIFORNIA?

Nathan T. Porter, the Ham and Eggs "banking expert", was president of the defunct National Thrift Corporation when it went bankrupt a few years ago, wiping out millions of dollars in savings of 30,000 small investors.

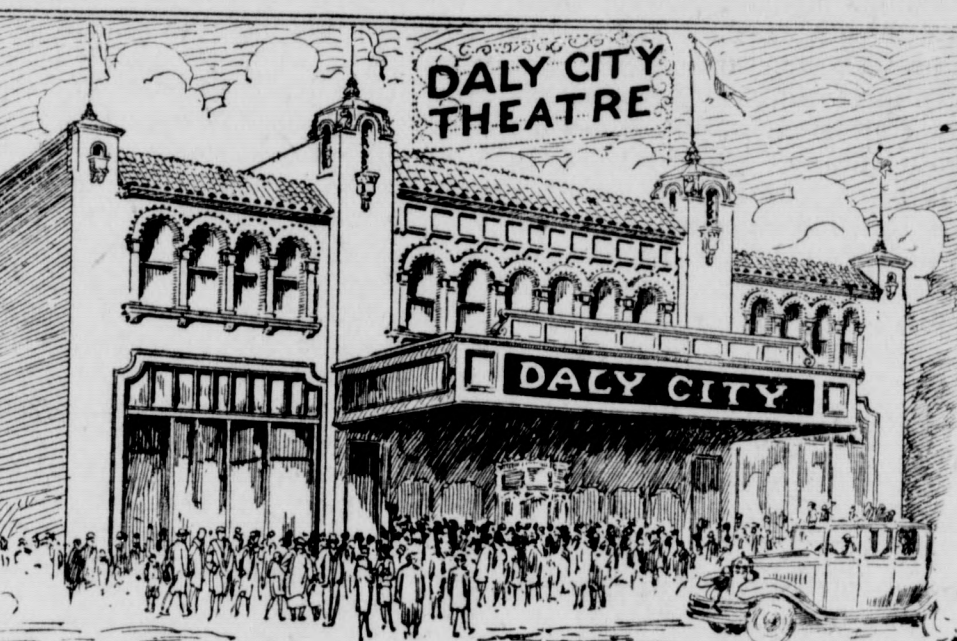

DO YOU WANT MR. PORTER AS HEAD OF THE PROPOSED HAM AND EGGS BANK — FINANCED WITH YOUR MONEY AND AS SOLE CUSTODIAN OF YOUR TAX FUNDS?

Wake up, voters! California has been a good, clean place to live. Let's keep it that way. California wants no would-be Huey Longs. And California wants no part of the ruin and disaster that would follow enactment of the Ham and Eggs plan.

Family Film Stars Mickey Rooney In Leading Role

His role of Andy Hardy is doing things to Mickey Rooney. So declares the debonair son of Judge Hardy in the Hardy Family series, newest of which, "Andy Hardy Gets Spring Fever," opens tomorrow at the Daly City theatre.

"Every new Hardy story contains some emotion or reaction that a fellow has to study and understand. Now and then, I think, it actually changes some viewpoint or other," says the youthful star. "For instance, in the present picture I have to develop a fine case of puppy love for my pretty high school teacher. It goes deeper than any previous cases because I'm supposed now to be somewhat more advanced in romantic experience. I propose, she tries to make her refusal painless, I find out she's already engaged and am in torment, then she, in a sensible talk, brings me to realize that boys like me aren't ready yet for the real romantic things of life."

Although Mickey has his serious moments in "Andy Hardy Gets Spring Fever," he also has many hilarious comedy moments. He writes a high school show, stars in it and helps to build the scenic effects which include a "volcano" that closes the show by setting the schoolhouse on fire. There is a comical quarrel with Ann Rutherford, a farewell scene with the pretty teacher, and a talk about marriage with his father that is grippingly dramatic in its sheer humanness.

Companion feature on the new bill is "Bulldog Drummond's Bride," starring John Howard and Heather Angel.

Night Owls Plan South City Night

Encouraged by the success of their big dance, Saturday evening, Night Owls club of Colma and South San Francisco are making plans for a night devoted to South City, November 4.

Saturday's dance was crowded by local young people and their friends. Decorations at Lovchen Gardens were blue and gold, with the ceiling, bandstand and flowers all reflecting the color scheme. Union music was furnished by Jo Lazzarine and his orchestra, a lively dance band who will also furnish the music for the big dance, November 4.

I got real value
when I equipped my home
for GAS HEAT

IN the new homes you have seen being built everywhere during the past year — nine out of ten are equipped for gas heating. Why? The answer is that gas heating equipment gives more real value, is less expensive to buy than other types of heating equipment which will do the same satisfactory heating job.

One year from now or ten years from now, the owners of these homes will be just as enthusiastic about gas heating as they are right now. Year after year nothing can give as much comfort, convenience and all 'round satisfaction. Why not investigate gas heating for your home? Take advantage of the exceptionally easy purchase terms now in effect for all types of gas heating equipment. You can afford gas heating. It costs no more than old-fashioned methods of heating.
